The Grampians Community of Practice for the Prevention of Violence against Women (GCOP-PVAW) is an initiative by WHG to support the implementation of best practice prevention projects in the Grampians region.

**Change the Story: how the national framework can
support your work?**

The session will:

1. Explore 'Change the Story' and how it can support your work.
2. Provide the opportunity to hear local information and stories.
3. Share useful tools and resources.
4. Provide networking opportunities to meet others working in this area.

***People who have an interest in PVAW or those who
manage PVAW projects are encouraged to attend.***
